Dear Prospective Homebuyers,

My husband and I would like to introduce ourselves to you. My husband, Ryk, and I have lived on Hillstone for exactly three years. We previously resided in Littleton in the same house for 33 years. When we came across the Hillstone enclave and compounded the beautiful setting with Steve's expert building, we made an immediate decision to move.

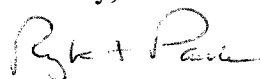

This has been the best decision we have ever made. Our home has easy access, whether you want to run to a local store, or go to the big town for shopping or entertainment such as theater. The trip into town is very minimal and very tranquil.

Steve has built a very quality home for us. We marvel constantly at his consciences workmanship. We truly do not feel we could have found anyone who would have been able to give as much effort and expertise. We had the privilege of watching our house being built from the ground up. We know for a fact that Steve was always right on top of every aspect of the project. We never had to point out any type of issue. If there was ever anything to be addressed, Steve had already taken care of it.

We feel very fortunate to live in our little community. The Tuckers, in the house past ours, are terrific neighbors. We are enjoying watching their young family grow. Steve is a great guy, always cheerful and happy to help in any way that he can. Everyone is more than willing to work together for our common cause.

We look forward to welcoming the fourth member to our little enclave. We are certain that they will enjoy the comfort of the wonderful, quality home that Steve has constructed plus be happy to have joined this friendly Hillstone Community!

Sincerely,

Ryk and Paula Keyser
